*Four uniquenesses of this reading plan: The Seville 2022 Bible Reading Plan is a “chrono-harmonic-ecclesiocentric reading plan”: (1) a chronological reading plan (more-or-less) that (2) switches back and forth between OT and NT chronology so that the reader isn’t only in the NT at the end of the year. It also (3) takes a Harmony of the Gospels approach with divisions built around different periods of Jesus’ life and ministry, and (4) provides special focus days for Sundays, Easter, and Christmas so the reader can give attention to the sermon text or holiday themes for those days.
